SPRING SUMMER 2024

GHIRLANDA

This season, inspiration is derived from Italian Renaissance gardens and particularly, the new style of garden which emerged in the late 15th century at villas in Rome and Florence.

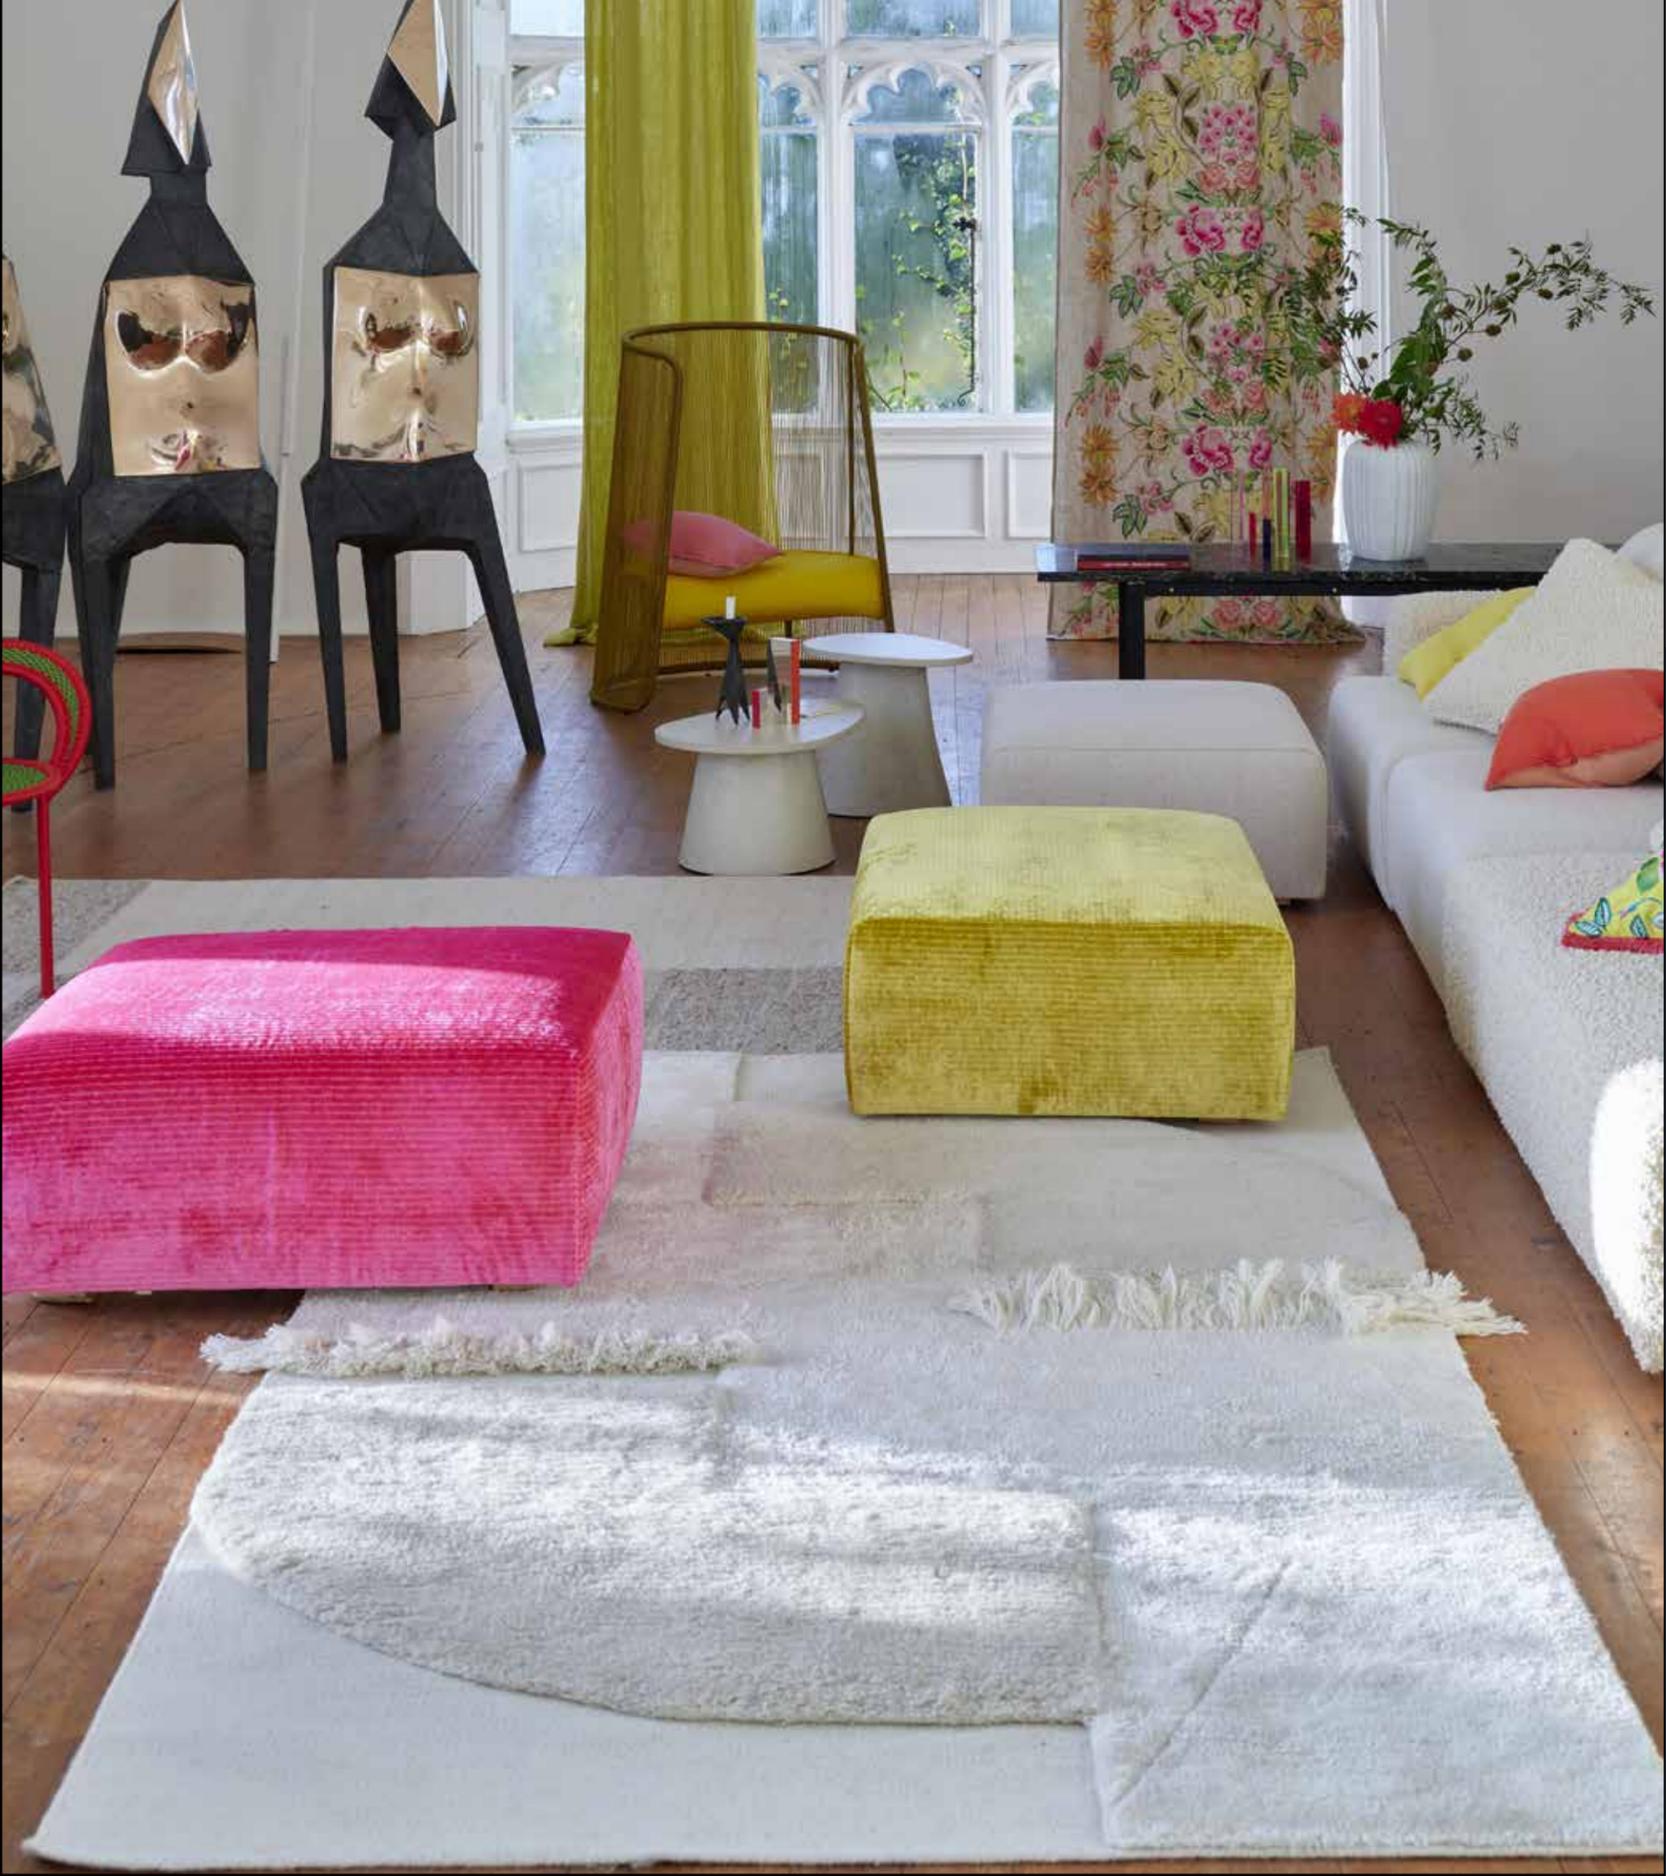

Noted for their lush greenery and the classical ideals of order, symmetry, sculpture and elegance, these spectacular gardens continue their lasting legacy centuries later and still captivate the imagination and inspire those who visit them.

DESIGNERS GUILD

We have made every effort to make the colours on screen as accurate as possible, however these may vary from actual products due to the fact that every computer monitor has a different capability to display colours and the colour appearing on screen should not be relied on as an exact match. Regular calibration of your screen is recommended to keep colours as accurate as possible.
