Many of our accessories are seasonal and certain references may not be continued once stock is exhausted. Please check stock availability before placing your order. Please contact your local sales office for further details of the range. We have made every effort to make the colors on screen as accurate as possible, however these may vary from actual products due to the fact that every computer monitor has a different capability to display colors and the color appearing on screen should not be relied on as an exact match. Regular calibration of your screen is recommended to keep colors as accurate as possible.
